Conducted in collaboration with Oxford University Press, the sessions provided parents with valuable insights into the innovative approaches to early childhood education.

Parents participated in interactive sessions where they were introduced to the NEP syllabus, its goals, and its design. Experts from Oxford University Press elaborated on the curriculum's framework, addressing queries and clarifying doubts raised by parents.

Following the orientation, the much-anticipated First Day of School commenced, marking the beginning of an exciting journey for our tiny tots. Throughout the day, the children engaged in various stimulating activities, fostering bonds with peers and educators while exploring their new learning environment.

## 24<sup>th</sup> May - Monastery Visit

In celebration of Buddha Purnima, Cosmos Global Preschool organized an enlightening field trip to the Salugara Monastery for its students. The event, marking the birth, enlightenment and death anniversary of Lord Buddha, provided a unique opportunity for students to delve into Buddhist culture and spirituality.

Salugara Monastery, a prominent Buddhist pilgrimage site located near Siliguri, is known for its serene environment. The students were warmly welcomed by the monks and were given a guided tour of the monastery. They explored the beautifully decorated halls and learned about the life and teachings of Buddha through various statues and murals. A highlight of the visit was participating in the prayer rituals, where the harmonious chants and the aroma of incense created a deeply spiritual experience.

## 29<sup>th</sup>, 30<sup>th</sup> & 31<sup>st</sup> May - Swimming Gala

Our Splash Pool Swimming Gala, with a vibrant beach party theme, was a splashing success!
