

A Colourful Journey Across India “CGPS Annual Day 2026”

The **CGPS Annual Day**, held on 28th February, began with great excitement at 11:00 AM in the gracious presence of our esteemed **Chief Guest, Dr. S. S Agarwal**.

The event was also graced by the **School Directors** and **Members Of The Management**, whose constant support continues to inspire meaningful learning experiences for students.

Students, teachers, and parents gathered to witness a day full of culture, creativity, and joyful performances.

This year’s theme, “**Bharat Darshan,**” A Tour Of India turned the concert into a beautiful journey across the country. The story began with tourists arriving in India and being welcomed by guides who took them on a tour of different states, introducing them to the country’s rich culture and traditions.

The stage soon came alive with colourful dance performances representing various states of India. Through vibrant costumes, lively music, and energetic expressions, students beautifully showcased the diversity and spirit of the nation.

At Cosmos Global Preschool, learning goes beyond books. **The school encourages cultural programs and activities that help students build confidence, teamwork, and a deeper connection with Indian traditions.**

The auditorium was filled with applause and proud smiles as parents watched their children shine on stage, making the CGPS Annual Day 2026 a grand success and a joyful celebration of culture and talent.
